

What is Magic Sleek?

Magic Sleek is the next generation in hair straightening using only the newest and most innovative technology available in today's market. It is the first and only product of its kind, offering a natural and safe alternative to keratin based products lasting up to 4 months. Magic Sleek has been rigorously tested for safety and effectiveness, and is 100% formaldehyde free. It contains no methyleneglycol or any other harsh chemicals that produce formaldehyde when heat is applied. Magic Sleek has none of the health risks or side affects of other products. Magic Sleek surpasses Keratin, Brazilian and Japanese lasting up to 4 months, and is more cost effective than many keratin based products.

Magic Sleek is safe for use on women of all ages, and can be used on ethnic hair, bleached hair, and even virgin hair. With Magic Sleek you can achieve a super straight look, still retain volume and body, or you can redefine curls while removing frizz.

Made with ingredients found in the Amazon Rain forest, Magic Sleek is rich in vitamin E, containing Omega 3 and Omega 9 unsaturated fatty acids that provide nutrition to the hair.

Magic Sleek is an exceptional remedy for many hair problems. Results can be spectacular for dry hair, lackluster hair, fly away hair, and frizzy hair. Magic Sleek has been developed to not only resolve these issues, but provide a more natural and healthy approach to hair straightening.
